From

Executive Engineer,

To

The Chief Engineer,
Projects, KWA,
Jalabhavan, Thiruvananthapuram.

Sir,

Sub:- WSS to Nedumpuram, Niranam, Kadapra and Peringara Panchayath -
Enhancing contract demand in WTP Pulikeezhu (con No.LCN 35/8109
submitting reg:-

Ref: -1) EC- PTA/AEE/HT-CD Enhancement /2021-22 dtd 16.02.2022 of Dy CE,
Electrical Circle, PTA.

2) Lr No. AB - 41592/08/Vol.V dtd 08.02.2022 from The Executive Engineer,
P. H Division, Thiruvalla.

I may report that the existing power allocation of WTP at Pulkeezhu for WSS to Nedumpuram, Niranam, Kadapra and Peringara panchayath is 110 KVA. By commissioning of new pump set for pumping to Kadapra & Niranam panchayaths, KSEB demanded to enhance the contract demand from 110 KVA to 200 KVA and connected load from 98.627 KW to 180.687 KW. In continuation of this an application was submitted by Executive Engineer, Thiruvalla who is the consumer for enhancing of contract demand. Then the Deputy Chief Engineer KSEB, Pathanamthitta, informed for remitting an additional security deposit Rs.13,00,000/- and pending current charges arrear Rs. 1,25,29,260/-

I request that necessary steps to taken to release the security deposit amount for remitting to KSEB and permission obtained from KSEB without insisting remitting arrears. CT and PT unit is read for installation from this office after testing. But the same cannot be fixed due to insisting of KSEB for remit arrears. Please take up this issue at suitable higher level for obtain permission for enhancing of contract demand.

Yours faithfully,

EXECUTIVE ENGINEER.
