The above water supply scheme is under implementation by this office. Distribution pipe lines are to be laid through all PWD/LSGD roads of Arakkulam & Velliyamattom(Part) Panchayaths. This office doesn't know the alignment of the underground optical fiber cables through these roads.If the trenching works for pipe line come over the underground, optical fiber cables may be damaged. So I invite your attention to depute a person on behalf of your office for showing the alignment and a suitable date for the joint inspection of the site may be informed. The work started in various roads.
