Sir

Sub:- Disaster management- Pre-Monsoon Activities-Urgent action required for refilling the pipeline trenches excavated during construction works for pipeline laying under Jal Jeevan Mission.

Ref:- 1) Agreement No-07/2023-24/SE/PHC/MVPA,05/2023-24/SE/PHC/MVPA,06/2023-24/SE/PHC/MVPA

2) Lr.no. DCIDK/1223/2024-DM3-Dated- 01/05/2024 of the District Collector, Idukki

3) This office Lr.no. 27/AE6/2024/Pr.D-KTPA-MTPZA- Dated- 01/05/2024

Vide reference cited above, I am inviting your attention to an urgent matter concerning the pipe laying/civil construction works under the Jal Jeevan Mission in various panchayats within the Idukki district, overseen by the Kerala Water Authority.

It has come to our attention that the trenches excavated for the pipe laying/construction works have not been adequately covered within the stipulated timeframe. As you are aware, timely covering of these trenches is crucial, especially in light of disaster management protocols and pre-monsoon activities. Failure to do so poses significant risks to public safety and the environment.

In accordance with our commitment to safety and disaster preparedness, I urge you to take immediate steps to ensure that all construction trenches are covered promptly. Additionally, it is imperative that measures be taken urgently to restore the affected areas to their original condition. Only after completing these actions should further construction works proceed. Please note that the Kerala Water Authority will not assume any responsibility for delays in executing the aforementioned tasks or for any consequential losses resulting from such delays. You are hereby advised that you shall be solely responsible for any loss or damage arising from your failure to act promptly in this matter.

I urge you to take immediate action to address the concerns outlined above and take swift action to address. Thank you for your prompt attention to this matter.

Yours faithfully,

Salin P

Deputy Executive Engineer  
(For The Executive Engineer)
