**SPECIAL CONDITIONS FOR JAL JEEVAN MISSION WORKS**

Tender No: SE/PHC/MPM/27/2021-22

1. 10% of the total cost is meant through beneficiary contribution. Jal Jeevan Mission guidelines stipulate that beneficiary contribution can be in the form of cash, kind, labour or materials. Hence if beneficiary contribution is in any form other than cash, such things will be considered accordingly. In such cases, measurements will be made separately and the contractor will not be entitled for payments of such measurements.
2. The BOQ includes KWA connection fee. The contractor is liable to pay this amount to KWA as connection fee for each FHTCs. No tender excess or below will be applicable for this item.
3. The payment for the work will be given in proportionate with Geo-tagged FHTCs actually installed.
4. All materials shall be supplied by the contractor in a phased manner as per the direction of Engineer in Charge.
5. Acceptance of measurements and payments will be made as per norms of JJM.
6. The provision of stand post with concrete base for FHTC is to be done only as per the direction of Engineer in Charge wherever necessary.
7. Hon'ble High Court order WP(C) 18394/2020 dated: 08.09.2020 will be applicable for this contract, if any further order is not issued. As per this court order, the work related to water connection to be done by a licensed plumber of Kerala Water Authority.
8. The GI/PVC/PE pipes to be supplied for this work should be as per relevant Indian standard specification with the latest amendments.
9. The GI pipes to be supplied for the work should be as per IS 1239/Part-1/1990 with latest amendments and shall bear ISI certification mark and it should be inclusive of specials such as bend, tees, elbow, reducer, couplings, white lead etc. required for laying and commissioning of the work.
10. All classes of pipes using for this work shall bear ISI certification.
11. The contractor should quote percentage rate above or below the estimate for the working charges in form 'A'. They should quote their own rates for pipes and specials in form 'B' separately which include transportation charge at work site. Separate transportation charges for pipes and specials should not be claimed. The rate quoted should be inclusive of all taxes applicable but excluding of GST.
12. Payment for the work completed will be made to the contractor only after the satisfactory laying and testing of pipe lines and availability of fund.
13. Work contract tax, income tax and other such statutory taxes of recoveries as per existing rules will be levied/deducted from the contractor's bill.
14. The contractor should guarantee for the satisfactory performance of the pipe lines laid by them for a period of 18 months after the completion and commissioning of the pipe line. During this period, any repairs/leaks/any kind of maintenance necessitated should be rectified by the contractor at their own cost within the shortest possible time, failing which the repair/leak rectification work will be arranged/attended by KWA at the risk and cost of the contractor. The contractor should guarantee for the connection works for a period of 12 months after the completion and commissioning of work.
15. The entire security deposit, including the retention amount total up to 8% of the contract value will be retained with KWA till the end of the guarantee period, and the balance amount will be paid on satisfactory completion and commissioning of the pipe line as per the existing rule.
16. Concrete Anchor blocks, valve chambers etc if any required should be provided by the Contractor as per the quantities provided in the tender schedule
17. All cement and steel required for the completion of work shall supplied by the Contractor and shall confirmed to KWA relevant standards.
18. GI pipes, specials, valves and fittings if required for the work for specific application like street fountain etc. should be as per relevant Indian standard.
19. Under any circumstances, no price variations will be allowed for the pipes or any other materials to be supplied and the price/rates quoted will remain firm until the work is completed.
20. The Contractor is bound to carry out the works up to 10% in excess of the quantity specified, if required during actual execution on the same rates and terms and conditions.
21. All the materials supplied by the contractor for the work will be under the safe custody of the contractor at his own cost until the work is completed.
22. Payment for the materials supplied by the contractor will be limited to the actual use in site.
23. The Contractor should make arrangements for a quality assurance test of pipes by KWA/a third party engaged by KWA.
24. The Contractor should submit the test certificate for PVC pipe and tested by Asst. Executive Engineer, a third party agency engaged by KWA

CONTRACTOR

  
SUPERINTENDING ENGINEER
